Computer Programming   Name:
Computer Number Systems Worksheet #2   Period:

Show & label all work on additional paper and staple that paper to this worksheet.

Convert the following binary numbers to decimals:

1. 10110000 =   4. 00000011 =

2. 00011000 =   5. 10101 =

3. 10101010 =   6. 11101 =

Convert the following octal numbers to decimals:

7. 45 =   10. 332 =

8. 777 =   11. 1000 =

9. 14 =   12. 403 =

Convert the following hexadecimal numbers to decimals:

13. 3A =   16. 112 =

14. F09 =   17. 20D=

15. EE =   18. D11 =
